

The Wellington Heartline – a new call centre for cardiac care.

The Wellington Hospital has set up a new call centre for patients and relatives who need to arrange urgent help and advice provided by hospital's team of over 30 cardiologists and its specialist cardiac medical teams.

The dedicated phone line – 020 7583 5000 – is open between 8am and 6pm and our staff can help callers arrange fast access to for tests and treatment.

The opening of the special phone line coincides with the completion of a £6 million building and refurbishment programme providing facilities that are second to none in the UK independent sector.

So if you or a relative a friend need advice or want to see a cardiologist, then call the Wellington Heartline on 020 7583 5000. The lines are open between 8am and 6pm, seven days a week.
